

Program	Summary	Website
Team Power Smart	Encourages individuals to set a personal reduction target goal of 10%	<a href="https://www.bchydro.com/youraccount/teampowersmart/Join.do">https://www.bchydro.com/youraccount/teampowersmart/Join.do</a>
Appliance Rebate Program	For a limited time, rebates will be available for ENERGY STAR labelled appliances for clothes washers (\$50), refrigerators (\$50) and freezers (\$25).	<a href="http://www.bchydro.com/rebates_savings/appliance_rebates.html">http://www.bchydro.com/rebates_savings/appliance_rebates.html</a>
Power Smart Mail-in rebates	Mail-in rebates apply to selected products – ranging from low-flow showerheads to programmable thermostats and power bars with timers to wall mounted clothes dryers and EcoKits – promotions change on a quarterly basis	<a href="http://www.bchydro.com/rebates_savings/coupons.html">http://www.bchydro.com/rebates_savings/coupons.html</a>
Refrigerator Buy-Back	Fridge that measures between 10-24 cubic feet and is still in working condition, BC Hydro will pick it up, recycle it and give you \$30 for it.	<a href="http://www.bchydro.com/rebates_savings/fridge_buy_back.html">http://www.bchydro.com/rebates_savings/fridge_buy_back.html</a>
Analyze My Home	An interactive tool that helps you save money by determining where you can save electricity.	<a href="https://www.bchydro.com/youraccount/main/LoginPage.do?goto=https%3A%2F%2Fwww3a.bchydro.com%3A443%2Famh%2Fhome.asp">https://www.bchydro.com/youraccount/main/LoginPage.do?goto=https%3A%2F%2Fwww3a.bchydro.com%3A443%2Famh%2Fhome.asp</a>
Low Income Energy Savings Kits (ESK)	Our free energy saving kit for low-income households offers a variety of simple products to help customers save energy. By reducing energy use every day, it can also reduce what individuals pay for heating and electricity.	<a href="http://www.bchydro.com/news/articles/press_releases/2009/energy_savings_for_low_income_households.html">http://www.bchydro.com/news/articles/press_releases/2009/energy_savings_for_low_income_households.html</a>
Product Incentive Program (PIP)	The Power Smart Product Incentive Program provides financial incentives for business customers to replace existing inefficient technologies with energy-efficient products. The program has been expanded to include additional technologies eligible for incentives	<a href="http://www.bchydro.com/rebates_savings/product_incentive_program.html">http://www.bchydro.com/rebates_savings/product_incentive_program.html</a>
Power Smart Partner Program (PSP)	BC Hydro will partner with these companies and contribute matching funding and other resources to help them overcome any hurdles to realizing energy conservation opportunities.	<a href="http://www.bchydro.com/powersmart/commercial/power_smart_partners.html">http://www.bchydro.com/powersmart/commercial/power_smart_partners.html</a>
New Construction Program	Incentives and tools to assist – building owners, developers, architects and their design teams create high performance, energy efficient buildings.	<a href="http://www.bchydro.com/powersmart/builders_developers/high_performance_building_program.html">http://www.bchydro.com/powersmart/builders_developers/high_performance_building_program.html</a>
Whole Building Design (Component of New Construction Program)	<b>Energy Study Funding.</b> Up to 100% of an energy study to develop a high-performance design that delivers energy savings compared with a conventional building design. BC Hydro will fund 50% for an approved energy study cost and an implementation bonus	<a href="http://www.bchydro.com/powersmart/builders_developers/high_performance_building_program/whole_building_design.html">http://www.bchydro.com/powersmart/builders_developers/high_performance_building_program/whole_building_design.html</a>

<p>Energy-Efficient Lighting Design (Component of New Construction Program)</p>	<p><b>Energy Efficient Lighting Design Study.</b> A \$1,000 incentive for creating a lighting design that exceeds building code by 10% or greater savings. <b>Energy Efficient Lighting Capital Incentive.</b> A capital incentive to install the new lighting. The incentive wi</p>	<p><a href="http://www.bchydro.com/powersmart/builders_developers/high_performance_building_program/energy_efficient_lighting_design.html">http://www.bchydro.com/powersmart/builders_developers/high_performance_building_program/energy_efficient_lighting_design.html</a></p>
<p>In-Suite ENERGY STAR® Package Rebates (Component of HPB Program)</p>	<p>An offer for new multi-unit residential building to install ENERGY STAR packages in suites (up to \$200 rebate per suite).</p>	<p><a href="http://www.bchydro.com/powersmart/builders_developers/high_performance_building_program/energy_star_rebates.html">http://www.bchydro.com/powersmart/builders_developers/high_performance_building_program/energy_star_rebates.html</a></p>
<p>New Home Program</p>	<p>The New Home Program encourages builders and developers to build an energy-efficient home. Builders who build to EnerGuide for New Houses standards receive financial incentives, promotional opportunities and funding and Power Smart branding for the home.</p>	<p><a href="http://www.bchydro.com/powersmart/builders_developers/new_home_program.html">http://www.bchydro.com/powersmart/builders_developers/new_home_program.html</a></p>
<p>LiveSmart BC - BC Hydro, Power Smart and Ministry of Energy, Mines and Petroleum Resources, Natural Resources Canada, Terasen, Fortis BC</p>	<p>Encourage BC homeowners to make energy efficient home retrofits</p>	<p><a href="http://www.livesmartbc.ca">www.livesmartbc.ca</a></p>
